

Helsinki, Finland - October 10-12, 2018

GE Nordic User Days

Simple. Fast. Precise.
Empowering Point of Care Ultrasound.

Get the hands-on experience to build up your point-of-care ultrasound skills.

Cutting-edge workshops and e-learning

- Hands-on training in groups with live models
- Presentations by emergency specialists
- E-learning for pre-course study
- Knowledge-sharing with point-of-care ultrasound specialists
- Tips and tricks from GE technical experts
- Lunch and refreshments

Study the interactive e-learning in advance & focus 100% on the practical training at the workshops. When you return to your hospital, you are ready to scan.
